MONONGAH

Schools Close.
The school term closed at Monongah yesterday and the laddies and lassies threw down their books with rejoicing, thoughts of a six months' vacation. Because of the financial condition of the district, only six months of school was possible. Expenses were cut throughout the year in order that the town would be assured of the new school building that is now being erected.

However, much effective work has been accomplished during the shortened school term, as is shown by the large class that will this year graduate from the school. Much of the success is due to the earnest efforts of Principal E. Darrel Cline and the following teachers: Miss Mary Sarsfield, Catherine McCool, Dotie Kerns, Marion Hickman and Mrs. Mary Cox. The one outstanding feature of the school term is the excellent attendance. The following have made a perfect record during the six months of school: Gordon Colvin, Anton King, Martha Mossey, Sallie Mossey, Fred Rice, Josephine Muller, Raymond Pyles, Margaret Janer, Alice Weaver, Anna Gregory, Bryan Currey, Heriart Currey, Frank Audia, Harry Grace, George Mossey, Lewis Pelligrini, Sadie Mossey, Alice Pyles and Pauline Smith.

Meeting Closed.
The revival services that have been conducted at the M. E. church in Thoburn for the past several weeks, were closed on Tuesday evening. During the services several conversions were made, making the meeting one of the most successful that has been held in Monongah for some time.

Will Go South.
Lee King left yesterday for Pittsburgh, where he will sign a contract with the Pittsburgh baseball club. This morning he left Pittsburgh with the other members of the team for Columbus, Georgia, where they will enter spring training. After making a good record as an outfielder with Wheeling last year, King joined the Pirates. In the four National league games and the fifteen exhibition games that he was in, he made a favorable showing otherwise Manager Calhoun would not have this year made an effort to secure him. King, who was raised in Monongah, has many local friends who are anxiously awaiting his success in securing a regular position on the Pittsburgh lineup.

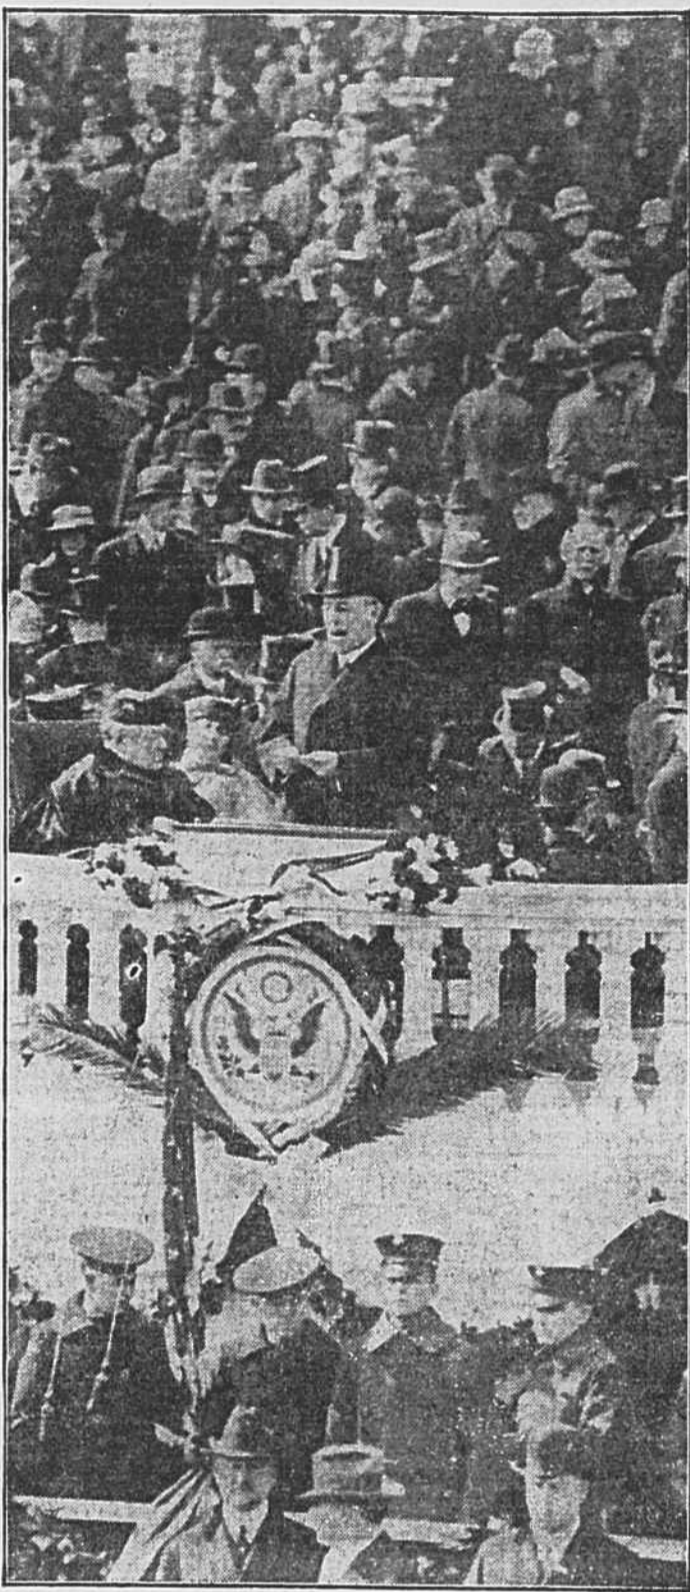

Miss Bargett Coming.
Prof. G. B. Nicholson, of the Thoburn high school, has announced that he has secured, as an extra number on the Lyceum course, Miss Evelyn Bargett, the noted lady cartoonist, for March 23. Miss Bargett is the most noted lady cartoonist on the platform today and it is very fortunate that local people will be given an opportunity to see her perform.

Personals.
Chester Pyles was among the local callers in Fairmont yesterday afternoon.
Mrs. J. Cathers, of Clarksburg, was in Monongah yesterday morning visiting friends and attending to shopping.
Hershel Smith was among the Monongah visitors to Fairmont yesterday afternoon.

yesterday afternoon attending to business.

Mrs. L. Fordice, of Clarksburg, was among the out of town business callers in Monongah yesterday.

Mrs. Howard Fleming was in Fairmont yesterday afternoon attending to shopping.

Frank Mike was calling in Fairmont yesterday afternoon.

Dr. Smith was among the callers in Fairmont during the week.

Provisionally Saved.
While on her voyage from Sydney, a ship caught fire following an explosion in the donkey-house. With no way to fight the flames, it seemed as if the ship would be lost. Then a giant wave, lashed by the heavy wind, swept over the vessel, the blazing donkey-house went overboard and the fire was out.

Trace of Windows in Ancient City.
Examination of the ruins of Chosrus reveals in the eastern part of the palace rectangular openings, which were undoubtedly windows, with raised sills and stone benches, inside, while the ordinary dwellings of Chosrus were from two to three stories high, the openings in the upper stories being filled with windows framed in timber with transoms and mullions.

For Packing Glass.

When packing glass or china use excelsior or straw that has been slightly dampened. The water causes both of these materials to swell, and this swelling automatically fills up the crevices, thus wedging the packing in between breakable articles much tighter than it can be done by hand.

Stamps Spread Disease.

Experiments in the laboratories of the University of Pennsylvania establish the fact that postage stamps do carry germs, and may therefore be classed as a disease-spreading danger. In 48 tests out of a total of 50, bacteria were found. The fact that in only two cases were the germs of a malignant type does not lessen in any degree the danger that lurks in wetting the gum with the tongue.

Thought Some Overlooked.

A party of friends was gathered New Year's day. After the wine had been passed around there were two glasses left on the tray untouched. Just as we were about to drink my brother-in-law said, "Well, folks, here's to happy days." His little daughter, who had been watching the whole performance, pointed to the glasses on the tray and said, "Daddy, whose happy days are these?"—Chicago Tribune.

Incurable Procrastinator.

In spite of good training, example and precept at the firesides, a man from New England boasts that he spends as much as five cents a year for amusements. There are prodigals everywhere, it seems.—Pittsburgh Dispatch.

Find the Reason.

If you do not like a man, try to find out whether you are the reason or whether he is.—Youth's Companion.

Safest Druggists Sell E-RU-SA Pile Cure

BECAUSE it contains no opiates, no lead, no mercury, no belladonna, no poisonous drug. All other pile medicines containing the above-named harmful drugs cause piles, and the sale of same is illegal. E-RU-SA cures piles or \$50 forfeited. For sale at CRANE'S DRUG STORE, Sole Agent.

The opportunity existing here of meeting old friends and acquaintances, as well as most newcomers, is a strong tribute to the high quality of our meats and the unerring judgment of our patrons.
